Fully recessed extruded aluminum accent light housing available in a variety of aperture sizes to accommodate a large range of linear and point sources. Three circuit wireway provides power for a wide array of lighting elements that can be located anywhere along the length of the housing. Optional fourth circuit for indirect ambient light. Available in flanged and flangeless trims and with optional aperture lenses.

Useful in applications such as museum, retail and residential environments; the system is totally flexible with lighting elements that may be easily changed in the field to respond to varying architectural conditions. The 3000 series is a tool that allows the designer to create a unified design that is easier to understand and results in a space that is more comfortable to inhabit.

## **COMPATIBILITY GUIDE**

Model	Aperture	Dimensions W x H	Lamp
3104	4"	14 <sup>1</sup> /4" x 9 <sup>1</sup> /2"	ALR12, ALR18, MR16, MR16MH LED, T3, T5, T8
3125	5″	15 <sup>1</sup> /4" x 12"	All of the above plus PAR2O, PAR2OMH, PAR3O LED, T3, T5, T8
3125	5″	15 <sup>1</sup> /4" x 12"	All of the above plus AR111, PAR3OMH LED, T3, T5, T8
			All of the above plus PAR38, PAR38MH LED, T3, T5, T8
